NPK (25-9-9) Fertilizer

NPK 25-9-9 compound is granular in shape and is a balanced fertilizer with equal amounts of phosphorus and potassium, as well as a high nitrogen content. The hardness of the fertilizer is 66- 8N. The NPK fertilizers' granularity between 2-4mm is a minimum of 90%. These fertilizers are formulated to the highest quality standards, utilizing modern technology and the purest raw materials. NPK 25-9-9 is a balanced fertilizer suitable for the complete life cycle of the plant, ensuring the highest quality and quantity of yield.

Application

NPK compound fertilizer is a quick-acting solution widely used in agriculture. Growers can adjust the formula according to crop needs, thereby improving nutrient use efficiency. It saves on labor costs, as it doesn't require manual application. Different methods, such as fertigation and foliar application, optimize time and absorption, thereby maximizing the benefits of the fertilizer. Additionally, water-soluble and chelated trace elements prevent phosphorus antagonism.

Properties	Results
Appearance	White, Blue, Brown, Yellow, Green, Purple
Total Nitrogen	25% Min
Total Phosphorus (P2O5)	9% Min
Water Soluble Potassium (K2O)	9% Min
Moisture	1.5-2.0% Max
Size (2-4mm)	90.0% Min
Static Granule Strength	4 Mpa
Free Flowing	100%

Benefits

The compound fertilizer is produced from the purest ingredients and is free of sodium, chlorine, and heavy metals. The NPK fertilizers promote plant absorption of nutrients during sprouting and increase the utilization efficiency of nitrogen and phosphorus nutrients. The component in nitro-phosphate can encourage the movement of phosphorus and increase the space efficiency of phosphorus. Increase the nitrous utilization and absorption quantity of plants.

Colors

The product can be customized to the client's required color for an additional charge.

Packing

25kg, 50 kg bags, small bags, 700kg, 800kg, or 1000kg jumbo bags, or break bulk, or as requested.

Storage

1) Prevent moisture absorption, keep away from heat,
2) Store in a well-ventilated area; avoid contact with acids and alkaline substances.
3) Protect from dust.
4) Ensure bags are sealed and in good condition

Comments

Typical chemical and physical properties do not constitute product specifications and are not guaranteed or warranted. These properties are provided for informational purposes only.

PLEASE OBTAIN A PRODUCT SAFETY DATA SHEET FOR MORE INFORMATION.

This product's Safety Data Sheet (SDS) provides essential information about the environmental, health, and safety precautions needed for its handling and storage. You can obtain the most up-to-date version of the SDS by contacting a representative from Polestar Worldwide General Trading LLC.
